FACE MASKS

3PLY Disposable Civil & Surgical Face Masks

A 3PLY Disposable mask is a loose-fitting, Face Mask that creates a physical barrier between the mouth and nose of the wearer and potential contaminants in the immediate environment. 3PLY Disposable masks are regulated as Type I, Type II, Type IIR and they comply with guidelines set forth by the ASTM (American Society for Testing and Materials).

A N95 Respirators Mask is a respiratory protective device designed to achieve a very close facial fit and very efficient filtration of airborne particles
